

ClearOne Releases New Wall-Mount Bluetooth For Its Pro Audio Mixers

November 4, 2019

SALT LAKE CITY, Nov. 04, 2019 (GLOBE NEWSWIRE) -- [ClearOne](#) (NASDAQ:CLRO), a leading global provider of audio and visual communication solutions, today announced the availability of its wall-mount Bluetooth Expander.

The NFC Tap-to-pair allows fast and simple connectivity with mobile devices.

This new module enables Bluetooth audio conferencing and streaming from mobile devices to ClearOne's CONVERGE[®] Pro 2 and Huddle Audio DSPs.

NFC Tap-to-Pair allows fast and simple connectivity with mobile devices, and the Bluetooth pair name can be customized.

P-Link makes wiring easy on both CONVERGE Pro 2 and Huddle systems, and the new Bluetooth Expander features wall-mount design for convenient room access (single-gang electrical box).

The module's Bluetooth 3.0 compliant interface supports industry standard profiles for audio, and it has a great range of up to 150 feet (45 meters).

For more information about the CONVERGE[®] Wall-Mount Bluetooth Expander, please [click here](#).
