

ClearOne Reports Third Quarter 2020 Financial Results

November 16, 2020

- **Overall revenue grows by 40% year-over-year**
- **Overall revenue grows by 32% quarter-over-quarter sequentially**
- **Video products and Beamforming Microphone Array Ceiling Tile based solutions drive year-over-year and sequential revenue growth**

SALT LAKE CITY, Nov. 16, 2020 (GLOBE NEWSWIRE) -- ClearOne (NASDAQ: CLRO), a global provider of audio and visual communication solutions, reported financial results for the three and nine month periods ended September 30, 2020.

"We achieved outstanding sequential and year-over-year revenue growth thanks to our appealing video products and innovative BMA based solutions. Our revenue growth amidst a global pandemic demonstrates the resilience of our product portfolio. Our wide-ranging suite of audio and video solutions are well suited for traditional offices as well as the burgeoning work-from-home remote offices," said Zee Hakimoglu, CEO and Chair of ClearOne.

"Last month, we introduced the [BMA 360](#), our new flagship Beamforming Microphone Array in ceiling tile format. We believe that it has set an audio performance standard that is unrivalled in the industry and that is far superior to any other BMA solution in the market. The BMA 360 is based on a dramatically new approach to beamforming that provides a new beam topology to easily achieve distortion-free, full 360-degree coverage of any room shape and any seating arrangement using ClearOne Audio Intelligence™. The integrated features in the BMA 360 significantly reduce system design complexity, simplify installation, consume less rack space, and lower system cost," Hakimoglu added.

"On September 1, 2020, the U.S. District Court of the Northern District of Illinois held that 'Shure has violated the [preliminary injunction order and is found in contempt](#) because it designed the MXA910-A in such a way that allows it to be easily installed flush in most ceiling grids.' The Court also opined that, '[t]he record is clear and convincing that Shure-through its design choices-violated the injunction order by allowing integrators to install the MXA910-A in the enjoined flush configuration.' Ultimately, the Court ordered that 'Shure shall no longer manufacture, market, or sell the MXA910-A' Though Shure has filed for appeal, this order of contempt is a significant victory for ClearOne in our resolute effort to hold Shure accountable for its action and to enforce our hard-earned intellectual property rights. Our motion to accuse Shure's MXA910-US of infringing the '806 Patent is still pending with the Court," Hakimoglu concluded.

Financial Summary

The Company uses certain non-GAAP financial measures and reconciles those to GAAP measures in the attached tables.

- Revenue in Q3 2020 was \$8.4 million, compared to \$6.0 million in Q3 2019 and million \$6.4 in Q2 2020. The increase in year-over-year as well as sequential revenues was mainly due to the increase in revenue from video products, personal audio conferencing products and beamforming microphone array products. Despite this revenue growth in Q3 2020, revenue from our audio conferencing products and microphones are far below the levels prior to infringement of our patents.
- GAAP gross profit in Q3 2020 was \$3.5 million compared to \$2.5 million in Q3 2019 and \$2.6 million in Q2 2020. GAAP gross profit margin was 41.8% in Q3 2020, compared to 42.3% in Q3 2019 and 41.2% in Q2 2020. Gross profit margin remained fairly consistent through the compared periods.
- Operating expenses in Q3 2020 were \$4.7 million, compared to \$4.6 million in Q3 2019 and \$4.5 million in Q2 2020. Non-GAAP operating expenses in Q3 2020 were \$4.2 million, compared to \$4.2 million in Q3 2019 and \$4.0 million in Q2 2020. The sequential increase in operating expenses is mainly due to the increase in commissions paid to employees and independent reps.
- GAAP net loss in Q3 2020 was \$1.3 million, or \$0.07 per share, compared to net loss of \$2.0 million, or \$0.12 per share, in Q3 2019 and net loss of \$1.9 million, or \$0.12 per share, in Q2 2020. The sequential and year-over-year decline in GAAP net loss was primarily due to increase in gross profit attributable to increase in revenue.

Non-GAAP Financial Measures

To supplement our consolidated financial statements presented on a GAAP basis, ClearOne uses non-GAAP measures of gross profit, operating income (loss), net income (loss), adjusted Earnings Before Interest, Taxes, Depreciation and Amortization (EBITDA) and net income (loss) per share, which are adjusted to exclude certain costs, expenses, gains and losses we believe appropriate to enhance an overall understanding of our past financial performance from period to period and also our prospects for the future. These adjustments to our current period GAAP results are made with the intent of providing both management and investors a more complete understanding of ClearOne's underlying operational results and trends and our marketplace performance. The non-GAAP results are an indication of our baseline performance before certain gains, losses, or other charges that are considered by management to be outside of our core operating results. In addition, these adjusted non-GAAP results are among the primary indicators management uses as a basis for our planning and forecasting of future periods. The presentation of this additional non-GAAP financial information is not meant to be considered in isolation or as a substitute for gross profit, operating income (loss), net income (loss), income (loss) per share or other financial measures prepared in accordance with GAAP. There are limitations to the use of non-GAAP financial measures. Other companies, including companies in ClearOne's industry, may calculate non-GAAP financial measures differently than ClearOne does, limiting the usefulness of those measures for comparative purposes. A detailed reconciliation of non-GAAP financial measures to the most directly comparable GAAP financial measures is included with this release below.

Forward Looking Statements

This release contains "forward-looking" statements that are based on present circumstances and on ClearOne's predictions with respect to events that have not occurred, that may not occur, or that may occur with different consequences and timing than those now assumed or anticipated. Such forward-looking statements and any statements of the plans and objectives of management for future operations and forecasts of future growth and value, are not guarantees of future performance or results and involve risks and uncertainties that could cause actual events or results to differ materially from the events or results described in the forward-looking statements. Such forward-looking statements are made only as of the date of this release and ClearOne assumes no obligation to update forward-looking statements to reflect subsequent events or circumstances. Readers should not place undue reliance on these forward-looking statements.
