TMC Names the ClearOne BMA 360 a 2021 Communications Solutions Product of the Year Award Winner

July 20, 2021

SALT LAKE CITY, UTAH, July 20, 2021 —ClearOne (NASDAQ: CLRO),

a global market leader enabling conferencing, collaboration, and network streaming solutions, today announced that TMC, a global, integrated media company, has awarded the ClearOne BMA 360 Beamforming Microphone Array Ceiling Tile a 2021 Communications Solutions Product of the Year Award.

"Congratulations to ClearOne for being honored with a Communications Solutions Product of the Year Award," said Rich Tehrani, CEO of TMC. "The ClearOne BMA 360 is truly an innovative product and is amongst the best communications products and services available on the market today. I look forward to seeing continued excellence and innovation from ClearOne in 2021 and beyond."

One of TMC's most coveted awards, the Communications Solutions Products of the Year Award honors exceptional products and services that facilitate voice, data and video communications

In accepting the award, ClearOne Chair & CEO Zee Hakimoglu noted that, "The BMA 360 offers everything desired in a beamforming microphone array ceiling tile—superior beamformed audio, echo cancellation, noise cancellation, auto-mixing, power amplifiers, voice lift, and camera-tracking functions. In addition, the ClearOne architecture offers easy setup and configuration for foolproof installation which benefits AV practitioners. We are honored that the judges at TMC recognized the innovative breakthroughs the BMA 360 delivers."

The BMA 360 is the world's most technologically advanced beamforming microphone array ceiling tile with Voice Lift capability delivering unrivaled audio performance and deployment ease. It's the industry's only ultra-wideband, frequency invariant beamforming mic array with uniform gain response across all frequency bands. With FiBeam™ technology, conference participants experience natural and full-fidelity audio across all beams and within a single beam. And with the BMA 360's deep sidelobe beamforming, DsBeam™, unparalleled sidelobe depth below -40 dB, results in superior rejection of reverb and noise in difficult spaces for superb clarity and intelligibility.
