ClearOne Announces the Immediate Availability of the Versa™ UCS2100 Collaboration Switcher Kit for Hybrid Meeting Spaces

April 25, 2023

SALT LAKE CITY, UTAH, April 25, 2023 —ClearOne (NASDAQ: CLRO), a global market leader enabling conferencing, collaboration, and network streaming solutions, today announced the immediate market availability of the **ClearOne Versa™ UCS2100 Collaboration Switcher Kit** for today's hybrid, flexible unified communications (UC) meeting spaces.

"Our partners rely on ClearOne to lead the way in the development of real-world solutions that meet the needs of today's ever-changing meeting and collaboration customers across all vertical markets, and we intend to meet their highest expectations in this regard," ClearOne CEO Derek Graham emphasized. "We will continue to evaluate the needs of businesses and individuals working in today's complex office and learning environments, and we're proud to deliver innovative features and benefits to make every meeting easier and more productive."

Designed for use in small to mid-sized meeting rooms, board rooms, and executive offices, the new Versa UCS2100 automatically detects HDMI and USB-C sources, such as a dedicated in-room PC or a Bring-Your-Own-Meeting (BYOM) laptop and offers the flexibility for users to access the same set of in-room AV peripherals, such as cameras and audio devices. Its USB-C input provides up to 60 watts charging and provides simultaneous 1 x HDMI output and 1 x HDBaseT output.

Versa UCS2100 is a Collaboration switcher kit designed for modern hybrid, flexible UC (Unified Communication) meeting spaces.

When combined with ClearOne UNITE series PTZ cameras, INTERACT, CONVERGE® Pro 2, CONVERGE® HUDDLE, and CHAT series audio conferencing devices, the Versa UCS2100 delivers guaranteed performance and a streamlined user experience that supports automatic source detection and switching and is controllable via RS-232, TCP/IP, or front panel buttons.

Bi-Directional HDBaseT 3.0 allows the remote peripherals to be placed at a distance of up to 328 feet (100 meters) and provides 48 V PoE. It also features Dual USB hosts (USB-B and USB-C) for In Room PC and Bring-Your-Own-Meeting (BYOM) Laptop connectivity and it supports up to 4K 60 Hz 4:4:4 resolution, HDCP 2.2, HDR 10 and Dolby® Vision.

This product will be on display at InfoComm 2023 in Orlando, Florida at Booth #3061.
