ClearOne Unified Communications Conferencing Solutions Now Rated Avaya Compliant

SALT LAKE CITY, Oct. 11, 2011 /PRNewswire/ -- ClearOne (NASDAQ: CLRO), a global communications and entertainment solutions company, today announced that several of its unified communications and professional conferencing solutions are compliant with key IP telephony solutions from Avaya Inc., a global leader in business collaboration systems, software and services.

The CHAT® 50, CHAT® 150 USB and CHATAttach™ 150 are speakerphones which enhance the UC experience in the executive office or small conference room. The INTERACT™ AT is a complete UC conference room solution delivering exceptional audio performance at an affordable price. These applications are now compliance-tested by Avaya for compatibility with Avaya one-X® Communicator. Additionally, ClearOne's Converge® Pro VH20, which brings HD Conference™ audio quali to converged data/voice communication systems, is now compliance-tested by Avaya for compatibility with Avaya Aura® Communication Manager and Avaya Aura® Session Manager.

ClearOne is a member of the Avaya DevConnect program-an initiative to develop, market and sell innovative third-party products that interoperate with Avaya technology and extend the value of a company's investment in its network.

As a Gold member of the program, ClearOne is eligible to submit products for compatibility testing by the Avaya Solution Interoperability and Test Lab. There, a team of Avaya engineers develops a comprehensive test plan for each application to verify whether it is Avaya compliant. Doing so enables businesses to confidently add best-in-class capabilities to their network without having to replace their existing infrastructure-speeding deployment of new applications and reducing both network complexity and implementation costs.

"Development partners like ClearOne are helping Avaya promote open standards and interoperability among its enterprise customers," said Eric Rossman, vice president, developer relations, Avaya. "Utilizing their innovative technology, ClearOne promotes a truly collaborative communications environment where users can interact and share information over a world-class UC conferencing system."

About Avaya

Avaya is a global provider of business collaboration and communications solutions, providing unified communications, contact centers, data solutions and related services to companies of all sizes around the world.
