ClearOne to Report 2011 Third Quarter Financial Results and Host Conference Call on Thursday, November 10, 2011

SALT LAKE CITY, Nov 3, 2011 /PRNewswire/ -- ClearOne (NASDAQ: CLRO), a global communications and entertainment solutions company, today announced it will release its financial results for the third quarter ended September 30, 2011 on Thursday, November 10, 2011, before market open. The company also said that senior management will host an investor conference call the same day at 11 a.m. Eastern Time to review the company's financial results.

The conference call will be available to interested parties by dialing 1-877-317-6789 (domestic), 1-412-317-6789 (international). The call will also be available through a live, listen-only audio Internet broadcast at www.clearone.com. For those who are not available to listen to the live broadcast, the call will be archived on the same Web site for at least three months.

About ClearOne

ClearOne is a global communications solutions company that develops and sells conferencing, collaboration, multi-media streaming and connectivity systems for audio, video, and web applications. The reliability, flexibility and performance of our advanced comprehensive solutions enhance the quality of life through better communication, education, and entertainment.

We develop, manufacture, market, and service a comprehensive line of high-quality audio conferencing products under personal, tabletop, premium and professional categories. We occupy the number one position in the global professional audio conferencing market with nearly 50% of the global market share. Our conferencing solutions save organizations time and money by creating a natural environment for collaboration.

NetStreams, a ClearOne brand of residential products, delivers the ultimate IP A/V experience by distributing high definition audio and video over TCP/IP networks. NetStreams' products, designed for commercial and residential use, offer unprecedented levels of performance, functionality, simplicity, reliability, and expandability. By combining audio/video content, meta-data and control signals into one stream and incorporating industry standards, NetStreams' newly patented StreamNet® solutions are a smart investment, enabling the Power of AV over IP™ today.

NetStreams' StreamNet technology provides elegant solutions for streaming media & control applications such as digital signage, distribution of HD video and audio, LAN Cloud Matrix Switching™, and audio paging over data networks.
