NetStreams Releases Updated Digilinx™ Application Suite

DigiLinX™ Application Suite simplifies setup and configuration and adds powerful new customization and diagnostic features

Salt Lake City, UT - February 1, 2010 - NetStreams, the pioneer in AV over IP networking, recently acquired by ClearOne (http://www.clearone.com) (NASDAQ: CLRO), the leading global provider of audio conferencing solutions, today announced the release of its new DigiLinX Application Suite. DigiLinX Application Suite is the configuration software for the award winning DigiLinX IP-Based Audio/Video Distribution network system from NetStreams.

Among the new key features of the DigiLinX Application Suite are:
*   Support for Lutron Radio RA2 lighting control systems
*   Crossover support for Atlantic Technology ICTS-6.1-IP speakers
*   A faster graphical user interface (GUI) for TL430 and TL700 touchscreen controllers
*   Improvements to the Graphical User Interface
*   New drivers for Naim media servers

The DigiLinX Application Suite simplifies system setup by packaging multiple advanced configuration tools into an easy to use software package with includes:.DigiLinX Dealer Setup 2.55, StreamNet™ System Explorer, StreamNet ASCII Commander, DigiLinX Virtual Control Software, and a User Interface Demo.

"This new release gives our dealers powerful tools for a whole new level of GUI customization, advanced diagnostics, and amazing new control capabilities," said Michael Braithwaite, Senior Vice President of Technology at ClearOne. "This release also demonstrates NetStreams' continuing commitment of product innovation to our residential channels and partners such as Lutron and Atlantic Technology."
