## The Industry's Only Pro Quality Single-Channel Wireless USB Microphone System Wins a 2022 Top New Technology (TNT) Award!

*Marking its second industry accolade, the ClearOne DIALOG 10 USB is perfect for webcasting and cloud-based collaboration with Microsoft Teams, Zoom, WebEx, and GoToMeeting, offering exceptional wireless audio and freedom of movement in any space up to 2,500 square feet.*

SALT LAKE CITY, UTAH, May 12, 2022 — Three months after winning a 2022 NSCA Excellence in Product Innovation Award, the industry's only pro quality single-channel wireless USB microphone system is a winner again with the announcement by ClearOne (NASDAQ: CLRO) that its DIALOG 10 has won a 2022 Top New Technology (TNT) Award in the Microphone category.

The 2022 TNT Awards recognize new and outstanding products and services in the commercial and residential AV industry. The annual innovation awards program is hosted by industry leading publications *CE Pro* and *Commercial Integrator* and is judged by integrators around the world on technological innovation, benefits to the integrator and benefits to the end-user.

"It's great to be recognized for our innovation leadership by top industry integrators in this year's important award program for our DIALOG 10," said ClearOne President & CEO Zee Hakimoglu. "And it's rewarding and fun to offer new products that prior to ClearOne simply didn't exist to solve new market challenges and applications."

"We've designed the DIALOG 10 system to be the perfect solution for webcasting and cloud-based collaboration such as Microsoft Teams, Zoom, WebEx, and GoToMeeting

*ClearOne's DIALOG 10 USB Wireless Mic System is honored with a Top New Technology (TNT) Award.*

offering exceptional wireless audio and freedom of movement in any space up to 2,500 square feet.”

Offering plug-and-play simplicity and wireless convenience, Setup is a breeze with the included USB Type C cable that connects to any PC for audio, power, and control. With no external power source or additional audio cables required

Additionally, ClearOne recently announced that the DIALOG 10 is now available as part of its Aura home office portfolio.

The microphone is ideal for a variety of settings including public events, live streaming, studio demonstrations, classroom presentations, personal events, desk-free conferences, and even backyard events.

ClearOne offers a complete range of microphones for these settings, with Handheld, Boundary, and Gooseneck, plus Lanyard, Headset, and Lavalier Beltpack options. The compact, plenum-rated receiver can be mounted on a desktop, credenza, under a table, behind a video display, or even hidden above a ceiling. Mounting has never been more flexible and easier.

*The DIALOG 10 USB is the industry's only single-channel wireless microphone system offering professional-quality audio with USB connectivity for webcasting and cloud based collaboration.*
